Description

The BEM1 easy chair provides a cost-effective reception chair with great comfort. The steel frame is available in a standard black finish, or can be upgraded to a choice of several durable hammer finishes. The standard fabric is the ever-popular Camira Advantage tweed in a variety of shades, while customers can also select the Valencia C5 faux leather for a wipe-clean finish. With their modular style, it is easy to create a unique reception or lounge area, combining multiple colours if desired. There are two seat heights to choose from, depending on the application. An armchair version is also available, please see product ref: [BEM1A](#).
