### Description

This chair is still a popular **wooden, upholstered stacking church chair** and for many reasons. It follows a **traditional design**, but accommodates several different postures. The chair features a kneeler/**book rack** under and **prayer rail** on top as standard. It is normally finished in **solid beech**, though **ash** or **oak** can be specified. The frame can also be stained to suit other wooden items or features. It is regarded as something of a classic design in **church furniture**. Reflecting the varied situations the chair is sold into, it comes with many choices of book storage, communion cup fitment, linking, arms and fabric options. Chairs can be linked in curves or in straight rows. Armchairs also stack, as long as they are the top chair. These chairs stack 3 high, or 5 high with the optional stacking haunch. **This model can be reupholstered from £25 per chair. For more details, please [click here](#).** These chairs are entirely **UK-made**, in a factory with many years experience and come with our notably long 6 year **guarantee**. PVC feet can be specified to protect polished floors. As these are made to order items, there are several modifications that can be made (such as a deeper back), in order to tailor the chair to your specific needs – just call to enquire. **Durability** and comfort are the main driving forces behind the design and manufacture of these traditionally-styled **comfortable, stacking church chairs**. Lead-time is 5 weeks from the date of order. A minimum quantity applies for the stain protection option. **Please note that when ordering the armchair version that links are not available and should not be selected.**
