

Product ref: CT1

PHILLY Trumpet Base Cafe Table with Square or Round MFC Top

From: £93

Quantity	Price
-	£0

Description

SOME ASSEMBLY REQUIRED - This table is now supplied with nuts in the underside of the table top to make assembly even easier, simply line up the holes in the base and top and screw in.

This stylish trumpet-base cafe table features an attractive chrome plated finish, topped with a 25mm thick MFC table top in a variety of shapes, sizes and colours. The adjustable feet allow you to level the tops on slightly uneven floors, and the dual pin interlocking construction makes for a sturdy base and doesn't allow the centre column to spin.

The table is ideal for cafe areas but can also be used as a small meeting table. Please note this cafe table is suitable for indoor use only. Coffee table and poseur heights are also available on request, please contact the office for more details.

Other table tops are available on demand, including high quality laminate and ultra lightweight 46mm thick tops with heat resistance up to 180 degrees, and the full Werzalit range with a possibility of a personalised table top featuring your logo and branding (no minimum order). Prices for personalised tops start at £107+VAT (top only) depending on size, shape and quantity.
