Description

This stylish lectern combines traditional wood with more modern acrylic to produce a stunning design. The wood is available in a choice of four real wood veneer finishes, while the acrylic front panel can be either clear or frosted with diamond polished edges. Fixings are chrome to complete the modern feel. Further options include vinyl logo or full vinyl printed design to the front section; cable management; microphone mount; castors; iPad cradle; reading light; canvas lectern cover; and matching side table.
