Description

*NB - this chair is delivered on pallets and must be ordered in multiples of 50. For other quantities, please contact the office for details. This chair represents one of our very best budget stacking chairs. It combines comfort with stackability, durability, style and a multitude of options. The high density foam and seat pad fitted with air plugs help to preserve shape over long periods of time. The chair also comes with a 3 year structural guarantee, and has passed the Furniture Industry Research Association fire retardancy test for medium hazard, cigarettes and matches. The built in hand hold ensures easy mobility, while a lightweight transport dolly is also available and makes moving stacks of up to 10 chairs effortless. A choice of 3 frame and vinyl upholstery colour combinations gives you the option to find the right colour for your building. Stacking buffers on the frame help protect against scratching. The standard handhold makes it an easy one arm lift without bending one's back. Few chairs offer such a combination of value, quality, comfort and versatility. The chair removal trolley will quickly help move a stack of up to 10 chairs for fast, efficient stowage. The trolley can then be slipped easily into a cupboard. These chairs come with a 3 year guarantee, and stack vertically, 10 high. These chairs are usually kept in stock and available on quick delivery.

Colours available: Bronze frame with burgundy vinyl. Silver frame with blue vinyl. Black frame with black vinyl.
