200 - 399	£35.00
400 -	£33.50

Description

NB: Please order in multiples of 4.

The F4 is among our highest **quality folding chairs**. The design incorporates a tough polypropylene fan back, strong frame and a padded seat. Other features include a great choice of colours, 3 stock colours available for quick delivery and an optional **hanging trolley**.

Several fabrics are available, including vinyl or even leather and a choice of two hanging trolleys, or a 'queuing' trolley to stand the chairs on. Up to 108 chairs can be hung on the high trolley.

Folding chairs are great for the situations where **storage space** is critical, and where the chairs spend much of their life stowed out of use. The F4 will store efficiently, without you having to resort to an unpadded seat. Samples are available for free trial. Lead-time is typically 5 weeks.
