400 -	£57.85

Description

This chair is one of the most comfortable in our range. It combines supreme comfort with **stackability**, durability, style and a multitude of options. The **waterfall** front and deep, generous high back make it a hit with various shapes and sizes of user. It is entirely UK made, comes with our **6 year guarantee**, and features several clever touches, including forming continuous or **bench seat** when in rows.

Options include arms, hammer paint, wider frame, handhold or not, **book storage**, stain protection and linking. Many frame colours are available, as are various fabrics and colours. Stacking buffers on the frame help protect against scratching. The extra support offered by the deep back means this chair almost sells itself when sat on. A beech laminate framed version is also available.

Few chairs offer such a combination of value, quality, options, comfort and versatility, plus of course that true 'pew seat'. Armchairs also stack, as long as they are the top chair in a stack. Our universal chair removal trolley will quickly help move a stack of up to 6 chairs for fast, efficient stowage. The trolley can be slipped easily into a cupboard. These chairs come with our 6 year guarantee, and stack 6 high. Lead-time is 5 weeks from the date of your order.

Please note that when ordering the armchair version that links are not available and should not be selected.

Please note the minimum online order quantity for this product is 10. For smaller quantities please call the office to discuss delivery costs.
