100 - 199	£112.55
200 - 399	£111.55
400 -	£107.55

Description

This chair is among our most popular wooden, upholstered, stacking church chairs and for many reasons. It follows a traditional design, with top rail, elegant beech frame and flat-topped back. This chair however features the ability to stack 7 high in a very solid stack. It is normally finished in solid beech, though Ash or Oak can be specified. The frame can also be stained to suit other wooden furniture items or features. It is becoming another classic in church furniture.

Reflecting the varied situations this chair is sold into, it comes with a choice of book storage, communion cup fitment, linking, arms and fabric options. Chairs can be linked in curves or in straight rows. Armchairs also stack, as long as they are the top chair.

These chairs are entirely UK made, in a factory with many years of experience and come with our notably long 6 year guarantee. PVC feet can be specified to protect polished floors. As these chairs are made to order items, there are several modifications that can be made, in order to tailor the chair to your specific needs, eg: made wider for more elbow room - just call to enquire. Durability, stackability and comfort are the main driving forces behind the design and manufacture of these traditionally-styled comfortable stacking church chairs. Lead time is 5 weeks from the date of order. A minimum quantity applies for the stain protection option.
