400 -	£119.00

Description

This chair is among our best-selling wooden, upholstered church chairs and for many reasons. It follows a traditional design, but offers what the customer has increasingly been demanding in terms of comfort and elbow room. The chair features a kneeler/book rack under and prayer rail on top as standard. It is normally finished in solid beech, though **Ash** and **Oak** can be specified. The frame can also be stained to suit other wooden items or features. It is becoming another classic in Church Furniture.

Reflecting the varied situations the chair is sold into, it comes with many choices of book storage, communion cup fitment, linking, arms and fabric options. These chairs will stack 3 high. Stacking can be enhanced with a haunch to stack 5 high. Chairs can be linked in curves and armchairs can also be stacked, if they are the top chair. These chairs are entirely **UK made** in a factory with many years experience and come with our notably long **6 year guarantee**. PVC feet can be specified to protect polished floors. As these are made to order, there are several modifications that can be made, in order to tailor the chair to your specific needs - just call to enquire. Durability and comfort are the main driving forces behind the design and manufacture of these traditionally-styled comfortable stacking church chairs. Lead time is 5 weeks from date of order. A minimum quantity applies for the stain protection option.

Please note the minimum online order quantity for this product is 10. For smaller quantities please call the office to discuss delivery costs.
