Description

The elegant and **contemporary Canterbury** chair is fast becoming a leading alternative when one is demanding a quality **wire-framed** chair. If high levels of comfort with incredible stackability are a seemingly unattainable goal – look no further. The **skid-base CSU** comes with a back with curved contours both horizontally and vertically, allowing all kinds of **postures** to be accommodated, including those of **musicians, diners, worshippers, pupils** and more. It comes in many different colours. The frame is **chrome plated** for excellent scratch resistance.

This is arguably the most comfortable version of the Canterbury chair. A wide range of fabrics are available for this chair, to suit any list of priorities, including vinyl and **leather**. Please call for a fabric card. Wooden or polypropylene arms are available, and do not compromise **stackability**. Customers can choose from 3 different linking devices and can specify a book holders, if required. 2 types of floor glide are available for floor protection.

This contemporary **stacking** chair comes with a 5 year **guarantee**, **stacks 32 high** on half a square metre (on the optional **dolly**) and represents one of the highest **quality** items we sell. It is available for trial as a sample. Lead-time is typically 6 weeks from the date of order.
