Description

The **UK Made** A1H stacking church chair is the latest design of a classic, combining the traditional wooden upholstered church chair design with the added functionality of being able to stack the chairs on a dolley for quick, easy and efficient storage. With a **hardwood** Ash frame as standard, either with a natural or stained finish, the chair is much lighter than its predecessors, making clearing a space a much simpler job for all users which is essential for a multi-functional space. The chair is available with either full or half back, with the half back also allowing for the curved book holder without impeding on the stackability of the chair. On the purpose-made dolley, the A1H stacks up to 7 chairs high, or 4 high when stacking on the ground. A dish seat board allows for maximum comfort. Other options include links, book storage, communion cup holders, stain protection, alternative upholstery and arms (non-stackable). This UK Made chair also comes with our **6 year guarantee**. Call the office today on 01494 670600 to arrange to see a sample on a free, non-obligation basis.
