400 -	£64.85

Description

The F5G is one of our best selling folding chairs. It is not our lightest, heaviest, cheapest, or dearest, but it is arguably our best! Dozens of customers up and down the country can testify to the F5G fitting their requirement for a strong and comfortable folding chair. They wanted a back not too low, generous seat padding, a great choice of colours, a built in link, a chrome frame option and hanging trolley available. A vinyl finish is also available - please contact the office for further details.

The F5G answered all of these requirements and more. It is a smart looking folding chair, with a choice of grey black or bronze finish (for a chrome frame see [F5C](#)), a strong frame, the option of stain protected fabric, vinyl, or even leather and a choice of two hanging trolleys. Up to 48 chairs can be hung on the high trolley. The F5G also brings with it a 2 year guarantee.

Folding chairs are great for the situations where storage space is critical, and where the chairs spend much of their life stowed out of use. All too often, folk regard them as an uncomfortable option. With the F5G, no longer does folding have to mean compromise on comfort. Samples are available for free trial. Lead-time is on application.
