Description

SOME ASSEMBLY REQUIRED INCLUDING PILOT HOLING The classic cross base cafe table provides a lightweight base, and therefore is easily moved to create different layouts and formats. The base is also supplied in coffee, dining and poseur heights, ensuring conformity across multi height tables. Adjustable feet are included as standard - ideal for slightly uneven floors. This base is suitable for outdoor use. Please contact the office for details on appropriate outdoor table tops. NB: MFC tops supplied as standard are not suited to outdoor use. Finished table height: 505mm Base dimensions: For tops up to 700mm square, or 800mm round: 430mm x 430mm (560mm diagonal) For tops up to 900mm square, or 1000mm round: 570mm x 570mm (760mm diagonal)
