Description

This lightweight modern stacking cafe chair is well suited to both indoor and outdoor use, making it a truly versatile option. Well equipped for high traffic areas with good strength and easy cleaning, the chair can also stack up to 8 high for efficient stowage. Weighing only 3kg, the chair is ideal for versatile or temporary cafe areas. An armchair version is also available. This product is usually available for stock for delivery within 5-10 working days. This product is also available in array of powder-coated colours. Please [contact the office](#) for availability, price and lead time.
