Gopak UltraLight Staging Choir Package 2

From: £6222

Quantity	Price
-	£0

Description

Ultralight is a modular staging system constructed from aluminium with a lightweight core. This package includes everything you need to assemble a three tiered choir stage with each tier wide enough (1m) for standing choristers.

GOPUSC2 Includes:

- 9 x 2m x 1m decks and risers. There are three risers in a height of 200mm, three risers in a height of 400mm and three risers in a height of 600mm.
- Riser clamps to safely and securing join the tiers together.
- As with all orders for staging packages, a 5mm Allen key is included to enable you to secure the stage decks and risers together.
