Gopak Ultralight Staging Package D - 18sqm

From: £6347

Quantity	Price
-	£0

Description

Ultralight is a modular staging system constructed from aluminium with a lightweight core. This package includes everything you need to assemble a stage and create an area of 18m² or 6m x 3m.

GOPUSD Includes:

- 9 x 2m x 1m decks and risers with risers in a height of 600mm
- 2 x 1m x 0.52m decks and risers, with one riser in a height of 200mm riser and one riser in a height of 400mm (to create steps which are attached to the main stage using the four riser clamps included)
- As with all orders for staging packages, a 5mm Allen key is included to enable you to secure the stage decks and risers together.

Product Details

- The stage deck is available in corded carpet, black vinyl, or for high impact areas a heavy duty black vinyl.
- Simple assembly with Allen key
