20 - 49	£218
50 -	£210

Description

Contour is a collection of chairs defined by a series of distinctive lines. The UK based construction marries a bold tubular frame with a slender wire seat, in a design which is both deceptively simple and surprisingly comfortable. In a choice of 5 RAL finishes, the steel is 50% recycled for the manufacturing of this chair. All chairs in the range stack efficiently and are suitable for both indoor and outdoor usage. A wide range of applications from cafes to office spaces, restaurants and garden terraces. 10 year guarantee
