10 - 19	£145.50
20 - 29	£141.50
30 -	£140.5

Description

This chair is one of the most comfortable wooden chairs in our range. It combines great comfort with stackability, durability, and style. The beech laminate frame is very strong, yet stylish. The waterfall front and curved back make it a hit with various shapes and sizes of user. It is UK assembled, and has the unique feature of being little heavier with arms, than without. Armchairs will also stack happily with each other. It remains very popular, with many different scenarios being catered for by this great all-rounder. Options include arms, stain protection (minimum quantity applies) and linking. We can even quote for book storage. Many fabrics and fabric colours are available, including waterproof, highly stain resistant fabrics. We have sold this chair into a variety of different environments, but all shared the requirement of a stylish, comfortable chair that offers high levels of comfort without high levels of cost. Few chairs offer such a combination of stackability, quality, comfort and versatility. Our universal chair removal trolley will quickly help move a stack of up to 5 chairs for fast, efficient stowage. The trolley can then be slipped easily into a cupboard. These chairs stack 5 high. Lead-time is 6 weeks from the date of your order. Please note that when ordering the armchair version that links are not available and should not be selected.
