100 - 199	£125
200 - 399	£120
400 -	£116

Description

The Gloucester high-density stacking chair offers incredible storage economy, stackable up to 60 chairs high on the accompanying dolly. A well shaped seat and back provide comfort without the need for padding, in six attractive colours. A durable Eco-chrome plated frame is included as standard, with powder-coated alternatives available on request (NB: minimum quantities may apply). Further optional extras include linking, arms and detachable writing tablet; while a matching stacking desk is also available (please [contact the office](#) for further details). Use of a polyolefin resin for the seat and back elements ensures the chair is 100% recyclable. [video
