Description

These newly manufactured A1BS chairs are available on offer following an incorrect order. With keyhole links included, these chairs create a continuous seat and back for a pew-like effect when set out in straight rows. The chairs can also be stacked to 3 high. The hardwood beech frame is finished with a natural lacquer, and the chairs are upholstered with Camira's innovative 100% recycled fabric in the colour Cast - [click here for more information on the fabric](#). The chair features a 3-rung shelf under the seat, as well as additional book storage on the rear featuring communion cup holders. There are a total of 51 chairs available, and enquiries for fewer than 51 are still welcomed. Please contact the office for further details. NB: Transport will need to be arranged from Ayrshire, Scotland.
