Description

This chair represents a classic design, great value and is a good all-rounder. It combines comfort with stackability, value, style and a multitude of options. The curved back and well sorted geometry have made it a hit various shapes and sizes of user for many years. Ours is entirely UK made and therefore offers several options for tailoring it to your needs. As furniture design and practicality has moved forward, this chair nowadays generally finds itself at home as a cost-effective meeting chair, arranged around tables.

Options include upholstered arms, hammer paint, wider frame, stain protection, thicker foam, and two different linking methods. Many frame colours are available in smooth or hammer finish, as are various fabrics and colours, including vinyl. We can even quote for book storage if required. The light weight nature of this chair makes it an easy one arm lift for many users.

Few chairs offer such a combination of value, quality, options, comfort and versatility. Armchairs also stack, as long as they are the top chair in a stack. Our universal chair removal trolley will quickly move a stack of up to 5 chairs for fast, efficient stowage. The trolley can then be slipped easily into a cupboard. These UK made, classic budget chairs stack 5 high. Lead time is 5 weeks from the date of your order.

This model can be reupholstered. For more details, please [click here](#).

Please note that when ordering the armchair version that links are not available and should not be selected.

Please note the minimum online order quantity for this product is 10. For smaller quantities please call the office to discuss delivery costs.
