Description

The Tapa modular pouffes allow for extreme flexibility for foyers and lobbies. Available in two profiles - round or square - elements can be stacked up to create tiered seating up to 4 levels high, using 4 shapes in each profile. Single pouffes add to the options available for easily moveable elements well suited to breakout areas. Multiple fabric colours can be selected to tie in with brand colours, and create a unique source of interest in a foyer or reception area. A complimenting metal table in black or white powder coated finish completes the look. Please complete the enquiry form for full details and pricing for your requirement, or [contact the office](#).
