200 -	£84.50

### Description

The SB6M is a contemporary and comfortable stacking chair. The solid steel rod frame is in an attractive chrome finish with polypropylene seat and back available in 7 stylish colours. The chair stacks to a height of 25 chairs on a purpose made dolley, with or without the optional arms. The well shaped seat features a dish for comfort, while the curved back design allows for good back support for all postures. Linking floor glides are also supplied as standard. For a small surcharge, chairs can also be supplied with contrasting seat and back colours. A padded seat is also available - please call the sales team for further details. Call today to arrange a free sample trial period.
